Parvati Public School   **July 2019 – March 2020**
Physics, Chemistry, Maths | Percentage : 62.4   *Jaunpur, U.P., India*

EXPERIENCE

PROJECTS

Portfolio Website | *HTML, CSS and Javascript* | *GitHub Link* | *Live Link*
- Designed and launched a dynamic portfolio website using advanced CSS techniques to create an engaging and interactive user interface.
- Optimized the website's performance, reducing page load time by 40% through efficient coding practices and resource management.
- Created a fully responsive layout using media queries, ensuring compatibility and a seamless user experience across desktops, tablets, and mobile devices.
- Implemented interactive JavaScript features that enhanced user engagement, resulting in a 50% increase in time spent on the website.

Simple Calculator | *C Language* | *GitHub Link*
- Developed a command-line interface calculator in C that performs basic arithmetic operations, including addition, subtraction, multiplication, and division.
- Implemented user input handling with error checking to ensure robust calculations and to gracefully manage invalid inputs.
- Enhanced usability with a simple menu system, allowing users to easily select operations and view results interactively.
- Incorporated a loop to enable continuous calculations until the user chooses to exit, providing a seamless user experience.

TECHNICAL SKILLS

Programming Language: C, Java
Development Tools: VS Code, Android Studio, Canva
Frameworks & Libraries: Spring Boot
Core Competencies: Analytical Skills, Problem Solving, Complex Analysis, Multitasking
